### **WARNING: ONLY USE POWERALLEY LITE-BALLS IN THIS POWERALLEY MACHINE**

The PowerAlley Lite-Softball Pitching Machine uses PowerAlley **Lite-Softballs**. If you put real baseballs in the PowerAlley Lite-Softball Machine you will damage the machine and void the PowerAlley warranty. Heater Sports recommends using official PowerAlley **Lite-Softballs** in your PowerAlley Lite-Softball Pitching Machine. These balls are 1/2 the weight of a real baseball, incredibly accurate, long lasting, and produce the best performance in the machine. **Do Not Use Real Softballs in this machine!**
