Remove From Tripod When Shagging Balls

IMPORTANT: Drip A Generous Amount of Thread Glue on Bolt. Then, Twist To Firmly Tighten Basket Holder to Pole.

**Allow 15 Minutes To Cure Before Use.*

How To Use

Step 1

Roll Over Balls To Shag Into Basket.

Step 2

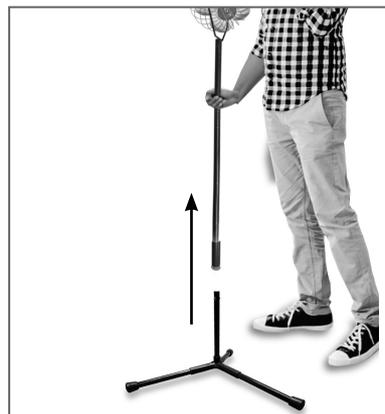

Place Shagger Over Tripod and Slide Down. **NOTE:** Pushpin Can Lock into Handle To Keep Shagger Attached For Easy Transportation.

Step 3

Place Your Hand Inside the Basket, or Spread Wires to Remove Balls.

Use For Pitching, Feeding Into Pitching Machines, Fungo, or Store Balls When Training Is Complete.

Step 4

To Remove From Tripod, Press Pushpin (If Locked) & Raise The Shagger.

You May Need To Gently Step on Tripod Leg To Free Roller.

Repeat Step 1 as Desired.
